

Implanon Order Information

The Implanon is ordered from CuraScript Pharmacy. Our office will fill out all information on the order form. We will then fax the form to CuraScript.

The cost of Implanon is \$625.04. CuraScript will check your insurance benefits and will notify our office when the process is complete. CuraScript will need to speak with you before they will ship the device to our office. You will receive a phone call from our office when the device arrives.

Implanon is usually inserted during your menstrual period unless your physician has instructed you differently. Please call our office when you start your period and schedule a date and time for insertion. Our office requires that the \$400.00 insertion fee be paid at the time of service. We will file your insurance and if there is a refund due we will send that to you as soon as possible.

Fees for the Implanon device and insertion are subject to change. Please verify when you order.

To have the Implanon removed there will be a fee of \$450.00 to be paid at the time of service.

If you have any questions or wish to order the Implanon, please call our office at (434) 237-9250.

Thank You
Traci Taylor
