

## MIRENA IUD/Skyla IUD

The Mirena and Skyla IUD's are ordered from CVS Caremark Specialty Pharmacy. A consent form must be signed prior to ordering the device. This document give the specialty pharmacy authorization to conduct a benefits investigation to determine if the device is covered. We will fax the prescription, consent and insurance information to the specialty pharmacy. This ordering process can take up to 6 weeks and our office will notify you once the device has arrived.

The price for Mirena is \$853.33 and the price for Skyla is \$714.70. This is the price prior to insurance payment. In addition there is an insertion fee of \$200.00 and a removal fee of \$168.00. You may want to check with your insurance carrier to ensure that these services are covered.

The Mirena and Skyla is generally inserted during your menstrual period unless your physician has instructed you differently. Please call our office when you start your period in order to schedule an appointment. Occasionally a follow-up visit and/or ultrasound may also be required after insertion. We will file these charges with your insurance.

Fees for the Mirena/Skyla are subject to change. Please verify when you order.

If you have any questions or wish to order the Mirena IUD or Skyla IUD, please call our office at 434.237.9250.
